RAM'S HORN THE CHOICE FOR THE EXCELSIOR HANDICAP.

Be Heavily Backed to Win \$10,000 Race at Jamaica Next Saturday-District Attorney of Queens County Is Ready to Proceed Against Aqueduct.

Ram's Horn, who won the Queens County oberun at the Jamaica track next Saturday, the Excelsior Ram's Horn will pick up ounds, or a pound less than he carried a Queens County, when he stepped a mile in 1:39 2-5, with nothing to make him his neck. As Ram's Horn is essentally a weight carrier and is also a high class horse in many respects his appearance in the Excelsior will be of particular interest inasmuch as he will meet some crack thoroughbreds. Roseben will start in the Sterling Stakes at a mile over the Aqueduct on Wednesday, but whether he will e Excelsior or not cannot be said just His impost in the Excelsior is 120 is, but the distance, it is believed, is a too far for him. Furthermore Trainer received instructions directly after eben's triumph in the Carter Handicap point him for the \$10,000 Metropolitan, to be run at Belmont Park on May oking over the list of eligibles for elsior and leaving Roseben out of the calculations, Ram's Horn may measure with such handicap performers as Mason, 115; Bad News, 113; Ormonde's 11: Eugenia Burch, 110; Dolly Spanker, 109; Red Knight, 107; Von Tromp, 106; Santa 105; Race King, 98; Batts, 92, and ethers, in which case the New Orleans star will probably be heavily supported by the

Aqueduct meeting so far has been remarkably successful. A better class of horses has been seen at this track than fore, while the daily attendance has far above the previous figures. With enclosure, the regular \$3 admission fee has been a veritable mint for the track who can well afford to be independent of the betting ring for all time to come. with the crusade of the Jockey Club against the poolrooms have come indicatrouble which may appear on the before the present meeting ends. it was said yesterday that several bookmakers or clubhouse commissioners would be served with warrants at the track to-day. The District Attorney of Queens county has been interesting himself in the racetrack tangle, and it is said that he believes that he can connect the Jockey Club with racetrack gambling simply by showing that clubhouse betting agents have compelled to file bonds with Robert Pinkerton, who is the active representative the Jockey Club at all of the metropolitan In addition to the threatening attithe District Attorney of Queens was declared yesterday on excellent authority that one of the biggest poolroom operators in town would send a man to the track either to-day or to-morrow structions to make a \$1,000 wager on a certain horse and then squeal to the authoritestifying that gambling was being carried on contrary to law. The identity this poolroom proprietor was not dis closed, but when the story was repeated to prominent sporting men they were clined to believe it. In fact, several ot inclined to believe it. In fact, several f them stated positively that the best known polroom keepers had decided to wait until he Aqueduct meeting closes before attempting to secure the desired racing information new and elaborate methods. spite of increased vigilance on the part

of the Pinkertons at the track the poolroom men have a new scheme which will be put in peration to-day, it is said, by which they can business without much inconvenience. It was stated last night that a well known Brooklyn bookmaker who is also interested in a number of rooms has made a deal with a eading trainer by which the latter will make a canvass of the trainers and jockeys each orning so that before 1 o'clock he will be able to announce to the rooms practically all he scratches, together with the names of the jeckeys that will ride the more important mounts in each event. The rooms slready clubbed together to bear this ex-pense and have also engaged a smart handiorses to a minimum. Then the Brooklyn ookmaker will frame up the prices in adsance and the rooms will be enabled to do usiness, it is believed, independent of the transactions in the betting ring. This scheme was tried on Saturday in several of the Brook-lyn rooms, it is stated, and it worked like a . In only a few instances were the prices quoted on choices out of the proper dignment, and though the rooms did not get any information to speak of they went along fairly good shape. As a result of the experiment the other room keepers were informed of the plan and all of them jumped atit, so that it will be in working order to-day. But by the time the method has been perfected the Jockey Club will have made a thorough investigation and if the persons who intend to work the scheme inside of the tracks are identified it is safe to say that they will be ruled off.
In spite of the fact that many well known

politicians have stock in the Jamaica track, the Jockey Club's policy of warring against the poolrooms will continue there when the neeting opens on Friday. Some of these politicians have been placed in an awkward predicament as a result. They have constituents who, it is generally understood, have either been interested in rooms or have been employed by them. Thrown out of employment, therefore, these constituents have been beseeching the politicians to intercede with the Jockey Club with the rewest that the present crusade against the oliticians have been compelled to turn their owers down, all of which has caused no grumbling. One of these politicians eclared on Saturday that the Jockey Club, efforts to kill the Cassidy-Lansing bill at Albany, had made an error in promising tain reforms to the Rev. Dr. Thomas R. Slicer which has brought about the present "There was no feed of making such pron

ises," said the politician in question, "for the excellent reason that the Cassidy-Lansing had no chance to pass the Legislature. bill increasing the State tax killed it, ogether with the resolution of the Jockey b to turn over a number of stallions to the agricultural societies for breeding purposes. s long as there is racing there will be poolfooms, and that is why it would have been better to adopt a policy of live and let live." The trouble will be smoothed over in time, at that, it is believed, for as soon as the tacing shifts to other tracks in more thickly opulated districts it will be almost impossible prevent the poolrooms from getting the red information. But even so, the Jockey will have made good its promise to Dr. licer to the effect that every possible method uld be resorced to in order to break up the polroom business, which just now is in a

everely crippled condition.

Sutton Made Best Run, Best Single and Grand Average in Championship.

In the championship tournament at 18:2 won by George Slosson, the best single averwere all made by one man, George Sutton. Before the tournament was over Sutton issued a challenge to the winner, and Slosson is the man he will have to meet when the contest takes place. It is up to Slosson to name the date and place, he having ten days in which to over Sutton's forfeit and sixty days in which to play the match. Sutton, Schaefer, Slosson, Cure and Hoppe are to compete in a tournament in Chicago in May and the Slosson-Sutton match is not likely to precede that tournament.

Sutton's grand average for the championship tourney was 24.14, a highly creditable set of figures. Schaefer made the next sbet set of figures. Schaefer made the next sbet grand average and Hoppe the next. Sutton's pnenomenal single average of 100 in one game helped his grand average materially, but he did not play a bad game at any time and made more total points than any other player. The total points made by each contestant were as follows: Sutton, 2,824; Schaefer, 2,776; Slosson, 2,771; Cure, 2,589; Hoppe, 2,351; Cutler, 2,314; Morningstar, 2,128. Slosson made the second best single average, and he backed up the qualities of finesse, execution and generalship with sand.

To-night Schaefer and Sutton will play off their tie for second money, which is no inconsiderable sum, and the game is likely to be as interesting as any of the tournament games. The tournament was very successful not only in patronage, but in management and the high quality of play. The following table shows the results of each game. The number of points scored by each contestant against each adversary are seen by reading across the table:

NEW YORK WINS AT RUGBY. Surprise for All Teronto Team, Which Is Beaten S to O.

TORONTO, April 22.-To the surprise of the Rugby experts here, the first international football game ever played between Canada and the United States, and which occurred before a large crowd at Rosedale yesterday afternoon, resulted in victory for the New York team, pitted against the pick of all Toronto, by the score of 8 points to 0. Twice the men from across the border, who, despite their lack of team practice, put up a surprisingly strong game, succeeded in

a surprisingly strong game, succeeded in crossing the home goal line, and once the try was converted. The Canadians, try as they would, could make no headway against the superb defence of the visitors.

The Mayor of Toronto was present, taking an active part by kicking off. New York's first tally was made by W. D. Andrews of the Crescent A. C. intercepting a pass and, after a long run, planting the ball between the goal posts. Capt. Bell converted, making the score, 5 to 0. J. T. Johnstone kicked off in the second half and the Canadians worked the ball back into New York territory. Bell relieved with a long kick into touch. In the subsequent play Robertson picked up and crossed the line near the corner flag. Ottewill failed to convert. After this there was no further scoring. For the winners Finch was most active in the forward line, while both Bell and Ottewill kicked effectively. For Toronto Crombie, among the For Toronto Crombie, among the individual stars.

By defeating the team of the Swiss Football Club of this city by the score of 3 goals to 0 in the last game of the second round of the cup tie tourney arranged by the Robert Burns Association, at Equitable Park, Eleventh avenue and Sixty-seventh street, yesterday afternoon, the Jersey Athletic Club eleven qualified for the semi-final round to be contested at the same place next Sunday. The other three teams still in the competition are the Chritchleys of Brooklyn, the Clarendons of Hoboken and the Robert Burns Field Club of this city. Athletics Reduced at Hamilton. UTICA, April 22 .- The faculty at Hamilton' College has decided that the students are giving too much time and attention to athletics, and as a result those in charge are going to insist that one branch be cut out. It has been practically decided that the playing of basketball will be discon-

the playing of basketpair will be discontinued.

At a recent meeting of the athletic association it was announced that the faculty had also decided that one track meet would have to be cancelled, and the association has decided to cancel the dual track meet with Colgate and hold only two meets this year, one with St. Lawrence and the intercollegiate meet. The action taken by the faculty brought a bitter protest from the college body, but to no avail.

Cates to Ceach Annapolis Football Team. The Yale Alumni Weekly makes announcement as follows: "John M. Cates, '06, L. H. Chandler Egan Sure to Defend Title in the Amateur Championship at Englewood Western Clash Will Not Keep Him Away-News From Clubs Far and Near.

There will be no open tournament to appeal to the Metropolitan Golf Association players until May 3, 4 and 5 at the Country Club of Atlantic City. Thereafter there will be an open tournament on an M. G. A. course with hardly a blank until the late fall, and, as the amateur championship is also to be in the district, at the course of the Englewood Golf Club, the local season has not been so thoroughly booked since the boom years of 1896-99. There is an equal increase in the tournament way among the Philadelphia and Massachusetts clubs. A tournament from June 12 to 16 at the Huntingdon Valley Country Club will open the Philadelphia open contests for women and men's invitation tournaments at Merion, June 7, 8 and 9 and at Huntingdon Valley, June 28, 29 and 30 will usher in a policy of bringing in outside players to be fostered this season by the Philadelphians. The men's championship of Philadelphia will be at St. David's, June 18 to 23, and for women at Haverford, October 22 to 26. The Massachusetts Golf Association announces dates for the tournaments for women and twenty-five open tournaments for mer, beginning with a two day affair at the Wollaston Golf Club, May 9 and 10. The States open championship will be at Wollaston, May 24 and 25, and the amateur at the Brae Burn Country Club, June 13 to 16. The Boston women's championship will be at the Woodland Golf Club, May 21 to 25, while the women's national championship at Brae Burn, October 8 to 12, will add lustre to the Massachusetts season of open play.

It has been learned at the Englewood Golf Club that H. Chandler Egan will defend his title at the amateur championship there, July 10 to 14, although to do so he may be compelled to forego the Western championship, in which he is also titleholder, at St Louis July 3 to 7. H. Chandler Egan is now with a life insurance company at Chicago and he has already had some golfing, doing an 80 at Exmoor on his first attempt this season. The Englewood players have been handicapped on a par basis, Oswald Kirkby, the club champion, being at scratch; J. G. Detmer and Murray Olyphant being at one, H. M. Brittan, D. Clarke, Jr., and F. M. Wilson at two, and E. M. Barnes, C. H. Blake, Jr., N. B. Cole, L. A. Hamilton, W. E. F. Moore and W. S. Stafford at three strokes, and 155 others being rated at higher marks. The Englewood season will be an especially active one under the stimulus of the club's firs national championship. To supplement the men's list of last week the associate members have issued a schedule. Their season begins on Wednesday, May 9. Their club championship, now held by Miss Julia Mix, will begin on Monday, October 1. The women's committee, Mrs. S. F. Lefferts, Mrs. E. H. Jewett and Mrs. S. V. Beckwith, will aid the Women's M. G. A. committee in managing their tournament at Englewood, May 22 to 25.

In the All Philadelphia and District of Columbia match on Saturday, played at the Philadelphia Country Club, the home players won by 99 to 1. Dr. Lee L. Harbin saved the whitewash by being one up with H. W. Perrin, but R. E. Hanson and W. M. Gray halved their match. There were fifteen on each team.

Gilman P. Tiffany, captain of the New York Golf Club, has sent a number of requests for interclub matches. The Powelton Golf Club has accepted, the dates to be arranged later, and also the New Brunswick Golf Club, which will send a team to Van Cortlandt Park June 39. The return meeting will be at New Brunswick Seprember 15.

The dates of July 5, 6 and 7 have been decided on for the championship of the Hudson River Golf Association at the St. Andrews Golf Club. It will be the first championship that has not been held on a links in the organization, and the St. Andrews course has been secured through the Saegkill Golf Club of Yonkers, which includes several of the St. Andrews members. The dates selected clash with the open tournament of the Apawamis Club.

There has been so much dissatisfaction over the fixing of the Western amateur championship for the week preceding the national championship, according to Western newspapers, that the date may again be changed to the last week of August.

David Ogilvie, who divides his year between the Baltimore Country Club and the North Jersey Country Club was married at Baltimore last week. His bride came from Scotland for the wedding.

R. B. Gordon won the opening handicap at the Glen Ridge Golf Club on Saturday with 100, 19-81. At the Forest Hill Golf Club the results for Paul E. Heller's prise were: T. A. Crane beat G. F. Spencer, A. V. Taylor beat C. A. Woodruff, E. Curtis beat W. E. Stearns and J. C. Cory beat H. Baldwin. The summer greens were put into use Saturday at the Roseville Golf Club, giving a course of 3000 yards.

Jack Campbell, brother of Aleck Campbell of Brookline, has been hired by the Overbrook Golf Club, Philadelphia. Willie Wier has returned from the South to the Morris County Golf Club and will have the course in shape for the New Jersey State championship, May 31, June 1 and 2. The Morris County green committee will be W. D. Vanderpool, Grinnell Willis and John Gillespie.

James A. Tyng of the Baltusrol Golf Club, who played more baseball than golf last season, is back on the links and playing a better game than ever before.

The impact would have thrown the child to the ground had not the father come to the rescue at the expense of freeing the horse from restraint. It was a critical moment. The course was full of swiftly moving horses, and Terrible Turk was on a keen run entirely beyond the controlof his driver, Mounted Policeman Sowerby was quick to act and he had his hand on the bridle and the horse well under control before the quarter mile post was passed. Mr. Mitchell was so confident he could control the situation that the policeman released the horse and started back for his post. The Turk, however, was by no means in a mood to re-main quiet and he at once made another start. Sowerby was after him at once, and the two had a lively chase until well below Washington Bridge, where the horse was brought to a stop for the second time. This proved effective.

washington Bridge, where the horse was brought to a stop for the second time. This proved effective.

The racing was keen, and as a rule the contestants were closely matched. George M. Archer was very successful with the pacer Lady Direct, 2:15½, and won far more often than he lost. In one of the best brushes of the morning Lady Direct beat Andrew Cone's black pacer Alice Drake, 2:14½, finishing scarcely more than heads apart. Lady Direct also won a keen contest from the chestnut pacer Moronial, 2:10, driven by Dr. Seamon.

W. A. Bradford of Cincinnati, who has bought a stable of Speedway horses just to indulge in the sport while in the metropolis, was represented yesterday by the former Grand Circuit winner. The Questor, 2:11½, that E. F. Geers drove to many good vietories. When C. K. G. Billings dispersed his stable Mr. Bradford bought this trotter to head his stable, and later added five more good ones. John Walker has been getting the stable ready for the sport and yesterday, The Questor showed his ability to beat John F. Cockerill a bay trotter Baron Letta twice without coming to a drive.

Dr. H. D. Gill and his trainer, Isaac Fleming, have diferred as to the speed of the pacers Sue Dix, 2:14½, and Coast Marie. The owner got up behind Coast Marie yesterday and Fleming drove Sue. Dix. The former won twice. George M. Archer sent Lady Direct, 2:15½, to make the second three hand and finished second. Then the owner and the trainer changed seats and Coast Marie clinched her claim to supremacy by winning again. Kitty Selden, a new Speedway candidate, made an auspicious beginning by winning from the pacer Bertha M., driven by Elmer Stevens. Kitty Selden also won from the trotter Geraldine, driven by Rue Clark.

EWilliam O'Brien, with the trotter Oile Keep, IIII., 2:25½, and Quartermaster, Jr., to the pole, had the best hitch in double harness. He not only beat H. B. Gates's pacing pair Andy Mack and Frank Bashford, but finished in front of the trim little pacer Wiltons, 2:19½, driven by Series Flaherty. Later Wil
